SIDE-A

Herbal Blend of Fruits to Enhance Immunity...

- Powerful antioxidants, protects cells from the damaging effects of free radicals
- Regulates the immune system by interacting with various immunocytes and regulating their effector mechanism
- Supports normal detoxification of the bowels and aids normal bowel movements

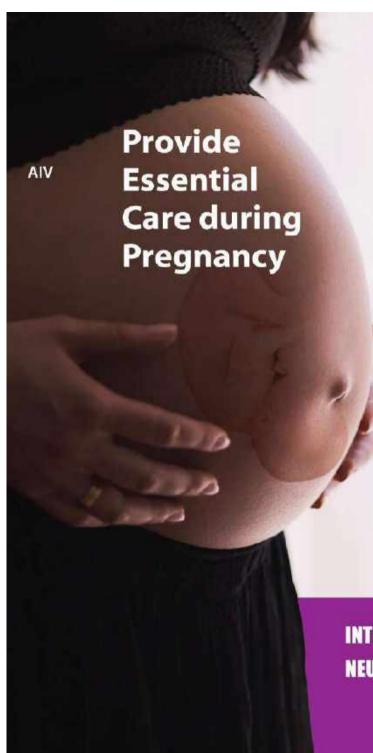

Weak Immunity

High Oxidative Stress

Indigestion

Chronic Constipation

Früitz
Regulates Immune System...

Amino Acids INFUSION (100ml)

- Essential component of fetal growth¹
- Required for expansion of maternal tissues during pregnancy, development of the placenta, and growth¹
- Important for protein synthesis and significant decrease in the rate of transamination of leucine contributes to maternal protein and nitrogen accretion²
- Regulates key metabolic pathways to improve health, survival, growth, development, and lactation³

Front Biosci (Schol Ed), 7011 Jan 1; 3: 428-444

Maintain the **Nutrition Level** in Body During Critical Condition...

- Important for the maintenance of body homeostasis and metabolism in critically ill patients1
- Improves nitrogen balance, reduces furosemide requirements and ameliorates water balance in acute renal failure patients with conserved diuresis2
- Stimulates whole-body protein accretion during the initial week following ICU admission in critically ill patients3
- Used to treat malnutrition and prevent postoperative starvation

FOR PARENTERAL NUTRITION WHEN:

- ◆ ORAL OR ENTERAL NUTRITION IS NOT POSSIBLE, INSUFFICIENT OR CONTRAINDICATED.
- ◆ GASTROINTESTINAL ABSORPTION IS IMPAIRED BY OBSTRUCTION. INFLAMMATORY DISEASE OR ANTINEOPLASTIC THERAPY
- BOWEL REST IS NEEDED BECAUSE OF GASTROINTESTINAL SURGERY

TO TREAT NEGATIVE NITROGEN BALANCE

Potent Fusion to Improve the Overall Health...

AMI

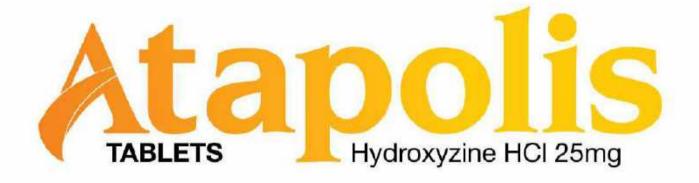

- Able to balance innate—acquired immunity by reducing inflammation and increasing the acquired arm of the immune system
- Essential for the proliferation and differentiation of innate and acquired immune cells
- Assist in repairing body tissue and the growth process
- ■Important for muscle development and strength
- ■Reduces the fatigue after exercise

Muscle Weakness / Weight Loss | Pregnancy / Lactation Compromised Immunity | In Geriatrics & Convalescence Cardiovascular Disorders

DOX

Seize the Harmful Bacteria Efficiently with...

Doxymoxy 100

Doxycycline 100mg + Lactic Acid Bacillus 5 Billion Spores

CAPSULES

Doxycycline

Used primarily for the treatment of acne vulgaris'

Less frequent daily dosing and greater lipophilicity compared to other tetracyclines¹

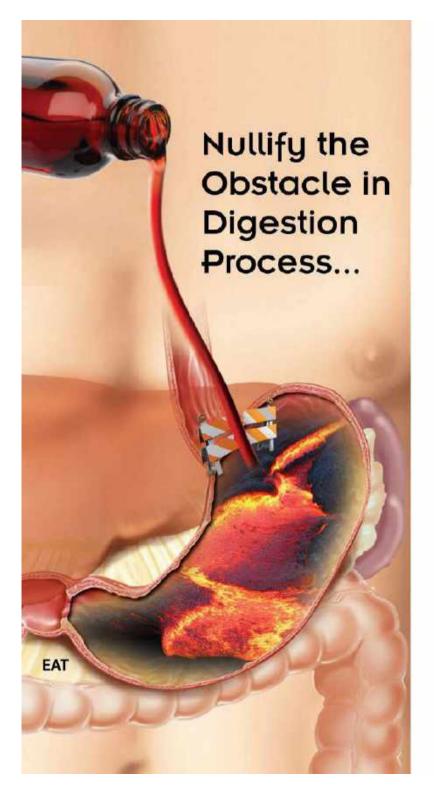

Exhibits favourable long-term track records of efficacy and safety¹

Lactic Acid Bacillus

Improves the gastric tolerance of antibiotics & reduces the risk of antibiotic-associated diarrhea²

Acne Vulgaris • Sexually Transmitted Diseases
Respiratory Tract Infections
Urinary Tract Infections • Rickettsial Infections

Doxymoxy Tough on Bacteria...

PEPSIN

- Proteolytic enzymes; breaks down proteins into smaller peptides¹
- Used as an adjunct in the treatment of gastric hypochlorhydria and dyspepsia

FUNGAL DIASTASE

- Helps in digestion of carbohydrates & starch into simple polysaccharides & sugar
- Used for treatment of indigestion¹

INDIGESTION || STOMACH FULINESS

LOSS OF APPETITE DUE TO CHRONIC ILLNESS

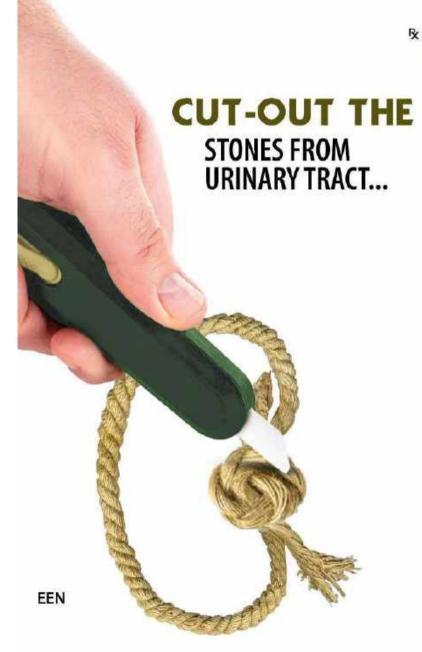

INDIGESTION AFTER OPERATION OR SURGERY

FOR PREVENTION OF MALABSORPTION OF FOOD

MILK OF MAGNESIA

Osmotic laxative; attracts water into the colon by osmosis thus relieves constipation'

SODIUM PICOSULFATE

- Stimulant laxative; increases water & electrolyte secretion hence stimulates peristalsis²
- Improves stool frequency & consistency; & improves QoL³

LIQUID PARAFFIN

- Stool softner; significantly improves the defecation frequency & faecal incontinence episodes⁴
- More effective in the treatment of constipation than lactulose⁵

CONSTIPATION ASSOCIATED WITH:

- * PILES / ANAL FISSURE / HERNIA
- * PRE & POST OPERATIVE CONDITION

BOWEL CLEARANCE BEFORE RADIOSCOPY / ENDOSCOPY

Improves stool frequency & consistency, ease of evacuation & QoL²

Induces propagated colonic contractions, safe with long-term use²

Better tolerability & palatability than PEG + Ascorbic acid3

Constipation of Any Aetiology

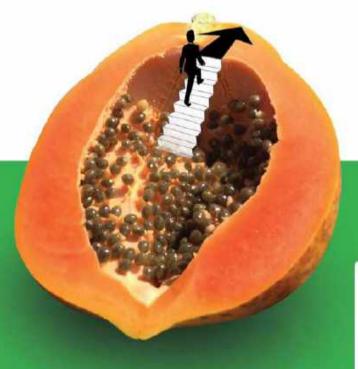

Bowel Clearance Before: Surgery/ Childbirth/ Radiological Investigations

Reset the Disturbed Urinary Flow with...

Silodosin

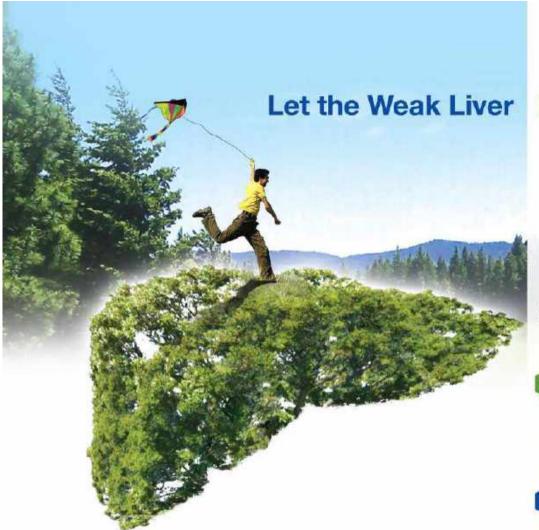

- Shows improvement in voiding and storage symptoms, maximum urinary flow rate and health-related quality of life¹
- Significantly larger decrease in prostate symptoms than tamsulosin²

Dutasteride

- Dual inhibitor of 5α-reductase; used in the treatment of men with symptomatic BPH/BPE³
- Shows symptomatic relief, improvement in quality of life and peak urinary flow rate, and reduction of acute urinary retention events and need for surgery¹

FOR THE TREATMENT OF THE SIGNS AND SYMPTOMS
OF BENIGN PROSTATIC HYPERPLASIA (BPH)

Regain its Healthy State with...

Silymarin (10%) 35mg + SYRUP Vitamin B Complex

Silymarin

- Maintains the integrity of the hepatocyte membrane and impedes the entrance of toxic substances¹
- Exerts hepato-protective and antioxidant activity due to its ability to inhibit the free radicals¹
- Enhances hepatic glutathione and contributes to the antioxidant defence of the liver!

Vitamin B-Complex

 Increases redox potential, reduces the hepatic cholesterol content & blocks the liver weight gain

SIL

Viral Hepatitis | Alcohol Induced Liver Disease Fatty Liver | Cirrhosis at Early Stage

Silpol... Makes Liver Healthy

MEFENAMIC ACID

- Relieves primary dysmenorrheal pain and suppresses endometrial prostaglandin (PG) production¹
- Alleviates cramps and restores normal uterine activity¹

DICYCLOMINE

- An antispasmodic and anticholinergic agent; Relieves muscle spasms and cramps in the gastrointestinal tract²
- Blocks the activity of acetylcholine on the surface of muscle cells²

BILIARY COLIC | RENAL COLIC INTESTINAL COLIC SPASMODIC DYSMENORRHEA

When Pain Hurts, Get Instant Relief...

- Safe, well tolerated with proven efficacy as analgesic & antipyretic¹
- Provides rapid & predictable therapeutic plasma concentration¹
- Excellent preemptive analgesic; reduces postoperative pain, opioid consumption & hastens discharge from hospital in surgery¹
- Safer alternative to tramadol with lesser PONV in postoperative period²
- Reduces intensity & duration of pain in patients in the early postoperative period²
